Electronic Giving Made Simple & Cost Effective

What is Electronic Fund Transfer (EFT)?

EFT is a way for you to give automatically to the parish without writing a check or giving cash. You designate the amount you want to give, the frequency and how you want to give.

Can I use a credit card?

Yes, or you may choose to have the money taken directly from your bank account.

Are there any fees?

The parish is charged 30¢ for each transaction. In addition we incur a 2.85% fee on any credit card transaction. You may elect to cover that cost by checking the “suggested donation” option. Fees that you may incur are those associated with any transaction from your bank or credit card. Check with your bank or credit card company for more information.

How often will money be drawn from my account?

You determine the frequency – quarterly, monthly, weekly, and one time giving are just a few of the options available.

When does my money leave my bank account?

Approximately two business days after the date you designate for withdrawal/charge.

When does the money arrive in the parish bank account?

Approximately six business days after the date you designate for withdrawal/charge.

Who has access to my account information?

Only myEoffering.* Designated parish staff will have access to your giving record but not your account information.

**unless you request the parish to set up your account.*

Will I still receive a tax statement at the end of the year?

Yes. The parish will be able to retrieve your giving history and prepare a tax statement for you.

When can I start using myEoffering?

The link is currently live on our parish website.

Do I have to have a computer or be online to utilize this service?

No. The parish can set up your account for you. See Carmen Roebke if you would like explore this option.

This is a sample of the page for assigning your payment type, amount and frequency. You can choose credit card or bank withdrawal.

AUTHORIZE PAYMENT

Trouble shooting:

- Select payment type
- Do not use \$ for donation amount.
- Each transaction costs us 30¢. If you use your credit card then we incur a further 2.85% fee. If you donate \$20 from your checking account, then the parish will receive \$19.70. If you donate the same \$20 by credit card the parish will receive \$19.13. The suggested donation will be your donation plus the fees needed to cover our expenses.
- Banking laws require a fixed number of donations. If you want to give the same every week choose 52 or once monthly choose 12.
- Fund Type - Select Sunday Offering for regular offertory giving. As the year progresses, Holy Days and Special Collections are added to the fund choices. You can find a calendar of Holy Days and Special Collections on the parish website at www.kentnewmancenterparish.org/egiving.
